## **Pennsylvania Week for the Animals September 20-28, Join us at Woofstock**

On September 28th, the Merrick Fund will be participating in "Woofstock 2008" and the Grateful Dog Walking event on City Island. After the walk we will be hosting a booth along Harrisburg's Riverfront Park where you can **purchase raffle tickets** for amazing gifts. If you are interested in participating as a grateful dog walker, or making a donation to sponsor a walker, please call 717-215-0674 or email [merrickfund@gmail.com](mailto:merrickfund@gmail.com).

## **Squeaks**

When Squeaks was adopted, she thought it would be forever, but alas, she was given to someone else, who didn't look out for her and she was hit by car. Sadly, untreated, almost a week went by before her condition was brought to the attention of the SPCA of York County. After a medical consultation, she ended up at a specialist to treat her multiple hip fractures and road rash. After recovering in foster care, we are happy to report Squeaks has been adopted by one of the dedicated and caring SPCA volunteers.

## **Bridget**

For American Bouvier Rescue League, this was no ordinary spay. After surgery, Bridget just couldn't get comfortable. Two days later, the situation escalated, with split stitches, an infection and possible allergy to the material used. She underwent emergency surgery to replace both internal and external stitches and is now recovering comfortably in foster care. Two families will be visiting her soon to see if one of them will be her new forever home.

## **Please Join Us**

Please join us in helping central Pennsylvania rescues and shelters with their caring and difficult mission! Let's always be there for them by helping with emergency medical expenses. We are looking for volunteers to help us reach out to the rescue community with our message and to tell our story to animal lovers.

**So we never turn down a rescue in need. All donation monies are used for medical expenses. None are used for fund administrative costs.**

### Got Skunked?

It's that time of year again, when skunks and pets sometimes mix! Skunks carry rabies – see your vet if there are open wounds.

Combine in an open bucket:

1 quart or liter of fresh unopened 3% Hydrogen Peroxide  $H_2O_2$  , ¼ cup Baking Soda, 1 tsp. Liquid Soap. Use immediately and discard any remaining mixture. Do not store. Using latex gloves, work mixture into skin and fur with lukewarm water while the mixture is bubbling. Keep away from animal's face and eyes. Let mixture stand 10 minutes and rinse off. If skunk spray got into eyes, (it is very painful) consult a vet.

### Remmy
